

Bassetts In Action:

Chef Walter Staib and City Tavern

Thomas Jefferson and Chef Walter Staib showcase some of the Emmy's won by Chef Staib over the years.

Bassetts Ice Cream is featured on the menus of some of the finest eating establishments in the country and City Tavern of Philadelphia is no exception. We asked [6-time Emmy Award winning chef-proprietor, Walter Staib](#), to tell us how he showcases Bassetts Ice Cream alongside of City Tavern's deliciously elegant desserts. Chef Staib took our request seriously, pulled out all the stops, and prepared a delightful assortment of dessert and ice cream pairings, allowing us to savor each and every morsel.

Chef Staib provided taste tests of three classic desserts, delightfully paired with hearty scoops of Bassetts Ice Cream. First up was his famous Apple Cobbler with Walnut Streusel paired with our aromatic cinnamon ice cream.

Next, we tried, City Tavern's classic Raspberry Linzer Tarte paired with our creamy vanilla ice cream, and finally his deliciously decadent Dark Chocolate Mousse

Cake offset with another scoop of vanilla.

Wow! Your mouth is probably watering by now, right?

Not only did Chef Staib suggest which flavor of Bassetts Ice Cream to serve with his classic desserts, he also selected just the right beverage to make the match complete. For example, the Apple Cobbler and Linzer Tarte were paired with a sparkling glass of rosé champagne and the Chocolate Mousse Cake was matched with a glass of molasses porter. Deeee-lightful!
